

Product Description

SHS-12200 Portable Solar Power System

Portable Solar Power System

Model No.: SHS-12200

Specification:

*1 x Solar panel 300Wp with 5 m cable

*1 x Metal power box (Built-in with 200AH lead-acid battery & control circuit 12V/30A)

*1x 1000W Pure Sine Wave Inverter

*2 x USB cable with adaptors for mobile phone

*4x 5W Super bright LED bulbs or 7W CFLs

*4x 5m cable with Bulb Holder, ON/OFF Switch

*LCD Display

Charging time:12~14 hours, battery fully charged

Lighting time:

11 hours (4 LED bulbs)

Outputs:

4 x DC 5.5*2.1MM DC12V for LED lights

2x AC220V for AC Appliances

1 x DC USB 5V/500mA for charging mobile phones

Product Description

SHS-1255 Portable Solar Power System

Portable Solar Power System

Model No.: SHS-1255

Specification:

*1 x Solar panel 100Wp with 5 m cable

*1 x Metal power box (Built-in with 55AH lead-acid battery & control circuit 12V/10A&300W Inverter)

*2 x USB cable with adaptors for mobile phone

*4x 5W Super bright LED bulbs or 7W CFLs

*4x 5m cable with Bulb Holder, ON/OFF Switch

Charging time:12~14 hours, battery fully charged

Lighting time:

11 hours (4 LED bulbs)

Outputs:

4 x DC 5.5*2.1MM DC12V for LED lights

2 x AC220V AC output for AC appliances

1 x DC USB 5V/500mA for charging mobile phones

Product Description

SHS-24200 Portable Solar Power System

Portable Solar Power System

Model No.: SHS-24200

Specification:

*1 x Solar panel 400Wp with 5 m cable

*1 x Metal power box (Built-in with 2*200AH lead-acid battery & control circuit 24V/30A)

*1x 1500W Pure Sine Wave Inverter

*2 x USB cable with adaptors for mobile phone

*4x 5W Super bright LED bulbs or 7W CFLs

*4x 5m cable with Bulb Holder, ON/OFF Switch
